# GREETING WORDS

**Dear Colleagues,**

Coming up for the eleventh time in September 2024: »Master of Disaster« – presenting state of the art therapy and complication management in gynecologic oncology and breast cancer. Over the last couple of years, our audience all over the globe has grown continuously. Therefore we again will stream most of the program live online. You are cordially invited to join us – on-site in Essen / Germany or online.

The pre-program on Thursday focusses on a variety of senological and gyneco-oncological topics. Amongst it: the traditional breast surgery marking course »Painting by Numbers«.

In particular we are looking forward to present you live surgery again in 2024 – transmitted from four theaters of the Kliniken Essen-Mitte to the lecture hall in the Hotel Franz (exclusively for the audience in Essen). As usual, our moderators there will comment the pictures in a competent way – and will forward your questions to the surgeons, too.

The lecture program is again performed by outstanding representatives from our international and national cooperation partners.

Whether personally in Essen or online: We are looking forward to welcome you!

Yours sincerely,

Prof. Dr. med. Sherko Kümmel

Prof. Dr. med. Philipp Harter

Prof. Dr. med. Dr. h.c. Andreas du Bois
